

GARMCO

Adding value to aluminium

Australia

GARMCO Australia

GARMCO established its operations in Australia in 1995. Extensive stocks of aluminium sheet, coil, circles, plates and tread plates are held at their 10,000 sqm state of the art facility in Melbourne and despatched across the country. Mill direct supply is also offered to major ports within Australia with independent warehouse/delivery service. These stocks, plus the ability to slit and cut-to-length light gauge coil, enables GARMCO to respond to local market requirements within a short lead time. The stock held in Melbourne complements the orders supplied directly from the Group's mills in Bahrain.

GARMCO offers a similar service by working closer with a distributor in New Zealand offering sales and services throughout the North and South Islands.

CUT TO LENGTH CAPABILITIES

Width

Maximum sheet width 1600mm

Minimum sheet width 300mm

Length

Maximum sheet length 8000mm

Minimum sheet length 600mm

Thickness

Maximum sheet thickness 3.2mm

Minimum sheet thickness 0.40mm

Surface finish

Paper interleave or PE Coated

SLITTER LINE CAPABILITIES

Input Coil Dimensions

Maximum coil mass
5500kgs

Minimum coil diameter 1600mm
Coil bore 508mm

Input Coil Width

Maximum input coil
width 1250mm

Input Coil Thickness

Maximum input coil
2.00mm thickness

Maximum input coil
0.30mm thickness

Output Coil Width

Minimum output coil
width 25mm

GARMCO AUSTRALIA SPECIALISES IN BOTH FLOOR STOCK SUPPLY AND INDENT SUPPLY FROM OUR OWN MILL BASED IN BAHRAIN FOR LIGHT GAUGE SHEET AND COIL.

WE CAN ALSO OFFER EX 3RD PARTY MILLS.

COIL 5005 H34, 5052 H32 & 5251 H34 MILL FINISH, 0.5MM TO 3.0MM X 900MM, 1200MM & 1500MM

STANDARD SHEET 5005 H34, 5052 H32 & 5251 H34 MILL FINISH PAPER INTERLEAVED 0.5MM TO 3.0MM X 900MM, 1200MM & 1500MM X 1800MM, 2400MM, 3000MM & 3600MM

SPINNING SHEET 1150 'O', 1.2MM, 1.6MM, 2.0MM & 3.0MM

HEAVY SHEET 5005 H34 & 5052 H32 MILL FINISHED PAPER INTERLEAVED 4.0MM, 5.0MM & 6.0MM

TREADPLATE 5052 'O', FIVE BAR PATTERN, 1.6MM, 2.0MM, 2.5MM, 3.0MM, 4.0MM, 5.0MM & 6.0MM

5083 HEAVY SHEET AND PLATE (DNV) 5083 H321 MILL FINISH PAPER INTERLEAVED, DNV CERTIFIED. THICKNESSES UP 32MM, MAX WIDTH 1830MM MAX LENGTH 6100MM.

Delivery terms for full packs are FIS Adelaide, Brisbane, Canberra, Melbourne, Sydney, Newcastle and Perth. With freight to other destinations extra.
